Chairman Bono stated that pursuant to Rule 6(12) they would proceed with comments by Legislators.

Mr. Stephens: “Just for everybody’s information, HCCC, you are now able to attend their sports games and events so if you would like to go up there and support those folks, go right ahead. I’ve been to a couple of softball games and they would like your support.”

Chairman Bono: “Absolutely, we are getting back to some sense of normalcy.”

Mr. Donley: “I questioned before... I just want to make sure it is clear... so for the schools for the orders of quarantine, that comes directly from our Public Health Director?”

Chairman Bono: “She has say in it, yes. She confers with the school districts, the Superintendent and they put together a plan. You’re talking about the actual... if somebody gets exposed... yeah that is directly with Christina.”

Mr. Donley: “So I mean she basically goes off of the school, whatever they tell her, that’s who she is going to quarantine, right?”

Mr. Wallace: “Just to add a little bit, we are in a high contaminant area still so if one kid in the classroom has it, the whole class goes. If we weren’t in that level by the State, three or

four kids would be out. It is a State decision that Christina is going by with the schools but it is really a State decision. I was shocked a couple of weeks ago when we were down to two, zero, ten, and we were still at that higher level. That makes a huge difference, if you're putting three or four kids on precautionary quarantine versus twenty kids. If that is your question."

Mr. Donley: "Well yeah it basically is because they were told that the County had direct control over it and that. I said we follow State guidelines but... I explained to them that probably whatever the school reports to them, they have to go by that too... if the gym coach was positive and he was passing out pads, does everyone need to be quarantined? Well if they tell them everybody that was there, they are going to quarantine them."

Chairman Bono: "There are different scenarios too... big classrooms, small classrooms, different age groups..."

Mr. Ackerman: "I think the problem, and I could be wrong, is different Counties next to us are doing different things than we are. I don't know if they're not following State regulations or if we're just being cautious, I don't know but there is a difference and we are getting calls. I have gotten two now regarding this topic. I reached out to you and I reached out to Jim but there are schools doing something different in different counties that have a higher number percentage-wise. Again, I don't know where that falls, I'm not throwing stones at them or us, but I think we have to get some clarification because we are starting to get calls."

Chairman Bono: "The way I understand it is the State puts out a basic set of guidelines, we have to go by at least those guidelines. We can make them more restrictive if we choose to as a County but we pretty much have gone by the State guidelines. Now if the school district wants to be more restrictive, they certainly can be. But we have pretty much followed the State guidelines."

Mr. Ackerman: "So the question would be: what are the State guidelines? Just so we know. Right now I am being told that Oneida County and Madison are doing if I test positive, front back and side to side are out of the classroom. Herkimer County, and I'm not saying it's true, that is just what they're telling me on the telephone, is that we are taking the whole class out. I don't know that to be true, I am just passing along the information. I wouldn't mind some feedback just so I could pass it back along."

Chairman Bono: "I know we are going by the book and I think that is the answer you give people. What other Counties do, is their business. I just care that we go by the book."

Mr. Ackerman: "I just want to make sure that is what we are doing, is all."

Mr. Wallace: "We can verify that Kurt, what the term is of that high contamination."

Mr. Donley: "If someone tests positive in an office, the quarantine time, who sets that?"

Chairman Bono: "That's an individual... are you talking about the business itself?"

Mr. Donley: "Right."

Chairman Bono: "Again there are a lot of factors. Is the person vaccinated, not vaccinated, what was the distance? There is all of those things."

Mr. Donley: "Right and I think if they're essential employees their quarantine time could be different. Let's say a Correction Officer as opposed to an office worker?"

Chairman Bono: "I would have them call the health department and ask for guidance. They want you to call them, they will give the answer. There are just so many different scenarios and I can't give you an answer."

Mr. Donley: "I can't argue about anything because the rules are all different and they change the goal posts all of the time, so I mean there's not really..."

Chairman Bono: "I would call the health department and they can set you straight."

Mr. Ackerman: "I think it has to start in the school districts, let them argue with their school, let them talk to her and whoever in the State and they will figure it out."

Chairman Bono: "I have gotten a few calls on it myself. I don't think you are going to see any changes. There are only two months left in school. My personal opinion is they are just going to let it play out for the two months and just be real safe about it."

Mr. Ackerman: "The impact is the kids that play sports their senior year and have been out of several games, some have missed the whole season because they keep quarantining this classroom and that is where the frustration is."

Chairman Bono: "Understand. Anyone else? I want to thank you all, those that came out today to the opening of the jail. That is behind us now and let's move forward and work on all of the other good things. Mr. Piseck do you want to say anything or is it too early to say anything?"

John Piseck: "Just that we are moving ahead. We are very excited to at least have a... pretty close to making a decision on that site. They were at a meeting last night, we're all talking about Amazon right now. I just had a lunch meeting with them, a phone lunch meeting, and things are moving ahead. We are very excited about that as well as everything else that is going on in Schuyler. What do we have over there Mr. Bono, five projects?"

Chairman Bono: "Five and maybe others."

John Piseck: "A lot of good things coming."

Chairman Bono: "Thanks John."

At 2:13 p.m. on motion of Mr. Manno, seconded by Mr. Stephens, the Legislature adjourned to Wednesday, April 28, 2021 at 7:00 p.m. with a Public Hearing on Open Enrollment for the Agricultural District at 6:45 p.m.
